

Svenska Thoraxmötet 5-7 november 2025

Wednesday 5 November

13.00-19.00	Registration in Teaterfoajén	
	Conference room: Handskmakaren	
	POST GRADUATE COURSE	
14.00-14.05	Welcome <i>Anders Wickbom/Örjan Friberg</i>	Möjlighet till studiebesök Kärl-Thoraxkliniken Örebro 14.00-16.00
	OVERVIEW	
14.05-14.25	AF physiology, non-invasive and catheter AF treatment – basic need-to-know for surgeons – <i>Espen Fengsrud</i>	
14.25-14.55	Surgical therapies, overview – <i>Bart van Putte</i> Minimally invasive/Sternotomy, Concomitant/Stand alone LAA occlusion	
	TECHNICAL ASPECTS	
14.55-15.10	TT-maze - <i>Anders Wickbom and Shahab Nozohoor</i>	
15.10-15.25	Open surgical ablation - <i>Shahab Nozohoor and Anders Albåge</i>	
15.25-15.30	Discussion	
15.30-15.50	Coffee	
	RESULTS, GUIDELINES	
15.50-16.10	Swedish results of CoxMaze IV and TT-maze - <i>Anders Albåge and Anders Wickbom</i>	
16.10-16.40	Guidelines for surgical AF management - What's new? Areas for future studies? <i>Prof Thorsten Hanke, Hamburg - on link</i>	
16.40-17.00	DISCUSSION - <i>all</i> How to implement guidelines? Mini invasive ablation, who-when-why? Concomitant ablation, how-who-when-why? LAA occlusion Importance of an AF heart team	
18.30-	Get together at Makeriet	

Thursday 6 November

07.30	Registration and coffee in Teaterfoajén		
	Conference room: Hjalmar Bergman		
07.00-07.45	Möjlighet för industrisponsrat morgonmöte		
08.00-08.10	Welcome <i>Örjan Friberg/Mårten Vidlund</i>		
	Conference room: Hjalmar Bergman	Conference room: Handskmakaren	
08.10-09.45	CARDIOPULMONARY BYPASS AND NEUROPROTECTION <i>Moderators Örjan Friberg, Alexander Wahba</i>	08.15-09.45	OMVÅRDNADENS BETYDELSE I THORAXVÅRDENS UTVECKLING – FÖRBÄTTRINGSARBETEN, KOMPETENS OCH NYA ARBETSSÄTT Introduktion Helena Claesson Lingeall, Örebro <i>Moderator TBD</i>
08.10-08.30	EACTS guidelines on cardiopulmonary bypass – <i>Alexander Wahba</i>		
08.30-08.50	Blood pressure and brain injury – <i>Hasse Møller-Sørensen, Copenhagen</i>	08.20-08.40	Introduktion: Hur vi kan introducera våra nya kollegor på ett bättre sätt? - <i>Åsa Jönsson, Stockholm</i>
08.50-09.05	Pump flow and organ perfusion – <i>Lukas Lannemyr, Göteborg</i>	08.40-09.00	Kompetensutveckling på Thoraxkliniken – att ta saken i egna händer - <i>Malin Södling, Linköping</i>
09.05-09.15	Deairing 1 - Carbon dioxide, what's the evidence – <i>Peter Svenarud, Stockholm</i>	09.00-09.20	Schemaoptimering på thoraxoperation Sahlgrenska - <i>Johan Thorell, Elin Franzen, Johanna Larsson, Göteborg</i>
09.15-09.25	Deairing 2 - I did it my way – <i>Bansi Koul, Lund</i>	09.20-09.35	Lyft på täcket! Systematiskt tillvägagångssätt för bedömning av patientens tillstånd - <i>Ella Tabbakh, Åsa Jönsson, Stockholm</i>
09.25-09.45	Discussion	09.35-09.45	Nationellt nätverk för Thoraxkirurgisk omvårdnad (NNTHO) - <i>Busan Ljungberg, Lund, Ulrica Steingrimsson, Göteborg, Åsa Jönsson, Stockholm</i>
09.45-10.15	Coffee in the exhibition Club 700		

	Conference room: Hjalmar Bergman		Conference room: Handskmakaren
10.15-12.05	AORTIC SURGERY <i>Moderators Farkas Vanky, Örjan Friberg</i>	10.15-12.05	Forts. omvårdnadsprogram
10.15-10.30	Aortic surgery in Sweden, trends and results – <i>Jenny Backes, Örebro</i>	10.15-10.35	Thorax Hemma – Patienter med VAC-behandling och antibiotika vårdas i hemmet - <i>Helene Ekelund Petersson och Ulrika Steingrimsson, Göteborg</i>
10.30-10.40	Diameter, length, tissue disease or family? Recap of present guidelines – <i>Örjan Friberg, Örebro</i>	10.35-11.05	Implementering av nya arbetssätt i vården – hur kan vi få till en bestående förändring? - <i>Markus Saarijärvi, Stockholm</i>
10.40-11.00	Tissue diseases and familial aortic diseases – <i>Linn Skoglund-Larsson, Umeå</i>	11.05-11.25	Patientrapporterade erfarenhetsmätt (PREM) på thoraxinten-siven och hjärtuppvaket - <i>Anna Falk, Stockholm</i>
11.00-11.15	Indications, and an Aortic Risk Calculator – <i>John Elefteriades, Yale</i>	11.25-11.45	Hjärtuppvak - Hjärtopererade patienten vårdas på intermedi-ärvårdsavdelning i stället för intensivvårdsavdelning - <i>Emelie Johansson, Göteborg</i>
11.15-11.30	Reinterventions on the thoracic aorta, when and how? – <i>Christian Olsson, Stockholm</i>	11.45-12.05	Personcentrerad rond på TIVA - <i>Selina Labba, Örebro</i>
11.30-11.45	Follow-up after aortic surgery – <i>Maja Eriksson-Östman, Örebro</i>		
11.45-12.05	Discussion		
12.05-13.00	Lunch in the exhibition Club 700		
	Conference room: Hjalmar Bergman		
13.00-14.00	Clarence Crafoord Memorial Lecture John Elefteriades, Yale		
14.00-14.30	Coffee in the exhibition Club 700		
14.30-16.30	Fria föredrag/Abstracts <i>Moderator Jenny Backes, TBD</i> Poster presentationer á 60 sekunder Lung Ultrasound versus Chest X-ray for Postoperative Imaging after Lung Surgery: A Randomised Controlled Trial (LUS-ART) - <i>Sebastian Ullmark</i> The value of an academic course in thoracic surgical care and nursing - contributing to clinical development, strengthening nurses` ability to apply new knowledge in practice - <i>Carolin Nymark</i> Neurocognitive recovery after cardiac surgery: A national survey of recommendations and care practices - <i>Emad Zecevic</i> Decision-making as a journey: nursing perspectives on end-of-life decisions in cardiothoracic intensive care - <i>Christina Björklund Pal</i> Improved protection of the brain during aortic surgery by preoperative prediction of cerebral hypoperfusion - <i>Ragnheidur Martha Johannesdottir</i> Physical activity and health-related quality of life after lung cancer surgery. Cross-sectional analyses 3 and 12 months postoperatively - <i>Marcus Jonsson</i> Patient perspectives on breathing exercises after cardiac surgery: From hospital to home - <i>Elisabeth Westerdahl</i> Myokardskademarkörer efter hjärtkirurgi vid landets thoraxkirurgiska kliniker: En enkätstudie - <i>Mia Karlsson</i> Muntliga presentationer á 10 minuter (8+2) 14.45 Anaesthetic depth is a risk factor for postoperative delirium after cardiac surgery - <i>Lydia Benson</i> 14.55 Can Delivered Oxygen Index levels be used to prevent impact on cerebral autoregulation during cardiopulmonary bypass? - <i>Henrik Arthursson</i> 15.05 Outcome after cardiac surgery in Jehovah's Witnesses - <i>Torbjörn Ivert</i> 15.15 Does negative pressure wound therapy prevent wound infection in cardiac surgery? - <i>Maria Segersson</i> 15.25 Dual or single antiplatelet therapy after coronary artery bypass grafting in patients with acute coronary syndrome:The TACSI trial - <i>Anders Jeppsson</i> 15.35 National observational study of first mobilization after cardiac surgery - <i>Elisabeth Westerdahl</i> 15.45 Long-term risk for dementia after surgery for acute aortic dissection and elective aortic surgery compared to matched control subjects: A nationwide population-based SWEDEHEART study - <i>Maja Eriksson Östman</i> 15.55 Sex-related differences in preoperative cardiopulmonary exercise testing and postoperative risk following lung cancer surgery - <i>Karolina Kristenson</i> 16.05 Risk Factors for Leg Wound Infection After Conventional and No-Touch Vein Harvesting: Insights From a Multicentre Randomised Trial - <i>Hanna Unosson</i> 16.15 Infectious Complications After Nuss Surgery – Lessons from 20 Years of Clinical Experience - <i>Nadia Sandström</i>		

Fredag 7 november	
	Conference room: Hjalmar Bergman
08.00-08.45	Industrisponsrat morgonmöte: Intuitive From ION to robotic surgery: How we can improve patient pathway
09.00-10.30	Årets avhandlingar
10.30-11.00	Coffee in the exhibition Club 700
11.00-12.30	VV – ECMO på thoraxklinik, bara vid pandemi? <i>Moderatorer Pontus Gustavsson, Bengt Redfors</i>
11.00-11.15	Introduktion – <i>Pontus Gustavsson</i>
11.15-11.35	Erfarenheter från Lund – <i>Edgars Grins, Lund</i>
11.35-11.55	Erfarenheter från Örebro – <i>Pontus Gustavsson, Örebro</i>
11.55-12.15	Vad säger ECMO-center? – <i>Jakob Forestier, Stockholm</i>
12.15-12.30	Diskussion
12.30-13.00	Prisutdelning, Viking Olof Björks pris för bästa avhandling
13.00	Avslut - Grab and Go Lunch
