

# ISCVI 16-18 June 2024

## PROGRAM Sunday 16 June

08.00-13.00	<b>REGISTRATION IS OPEN</b>
08.30-09.30	Visit the Clinical Microbiology lab in Lund (pre registration is needed) <i>Karl Oldberg and Torgny Sunnerhagen, Lund Sweden</i>
09.00-10.00	Visit the Clinic for infectious diseases in Malmö-architecture for the post-antibiotic era (pre registration is needed) <i>Torsten Holmdahl, Malmö, Sweden</i>
10.30-12.00	Work-shop-planned and on-going clinical trials in IE- How do we fill the knowledge gaps? <i>Moderators: Henning Bundgaard, Copenhagen, Denmark, Eugene Athan, Deacan, Australia</i> <i>Each presentation is max 5 mins followed by max 5 mins discussion</i> 10.30 Introduction and welcome 10.35 Emil Fosbøl, DK, ASTERIX and CIED OUT 10.45 Thomas Holland, USA, US DOTS trial 10.55 Pierre Tattevin, F, <i>Enterococcus</i> trial and RODEO trial France 11.05 Vance Fowler, USA, Metagenomics for CIED extraction US 11.15 Peter Godsk Jørgensen, DK, POET PM 11.25 Francois Goehringer Uniendo, F, Blood culture study France 11.35 Laura Escola, S, Quality of Life in Elderly Spain 11.45 Mia Pries-Heje, DK, POET II 11.55-12.00 Wrap up
12.00-13.00	<b>LUNCH in the exhibition and poster area</b>
13.00-13.15	Welcome and opening
13.15-14.50	<i>Session 1: Surgical treatment of infective endocarditis</i> <i>Moderators: Sigurdur Ragnarsson, Lund, Sweden, Carlos Mestres, Barcelona, Spain</i> 13.15-13.45 Keynote lecture 1 - Where are we now and where are we going? <i>Gösta Pettersson, Cleveland Clinic, USA</i> 13.45-14.05 Contraindications for surgery? -stroke <i>Mahmoud Diab, Rotenburg, Germany</i> 14.05-14.25 Options for treatment in right sided IE: open surgery, percutaneous extraction or conservative? <i>Gino Gerosa, Padua, Italy</i> 14.25-14.50 Interactive case-discussion "clinical dilemma related to surgery in IE"- mentimeter? <i>Eduard Quintana, Barcelona, Spain</i>
14.50-15.20	<b>COFEE in the exhibition and poster area</b>

# ISCVID 16-18 June 2024

Continued from previous page, Sunday 16 June

15.20-17.10	<p><b>Session 2. Antibiotic treatment for infective endocarditis</b> <i>Moderators: Ulrika Snygg-Martin, Göteborg, Sweden, Margaret Hannan, Dublin, Ireland</i></p> <p><b>15.20-15.50 Keynote 2: Controversial issues in the new guidelines-interactive</b> <i>Emil Fosböl, Copenhagen, Denmark</i></p> <p><b>15.50-16.10 PK/PD of relevant antibiotics in infective endocarditis</b> <i>Claus Moser Copenhagen, Denmark</i></p> <p><b>16.10-16.35 Oral abstract presentations</b> Transcatheter valve replacement as rescue treatment for heart failure in infective endocarditis: a multi-national series - <i>Miguel Villamarin Melio, Barcelona, Spain</i></p> <p>Impact of beta-lactams and daptomycin combination therapy on clinical outcomes in methicillin-susceptible <i>Staphylococcus aureus</i> left-sided native endocarditis. Preliminary data from a multicenter prospective cohort - <i>Sara Grillo, Barcelona, Spain</i></p> <p>Evaluation of the 2023 ISCVID and ESC Duke clinical criteria for the diagnosis of infective endocarditis among patients with positive blood cultures for new typical microorganisms - <i>Virgile Zimmermann, Lausanne, Switzerland</i></p> <p><b>16.35-17.10 What do we do with the stable patient with IE?</b></p> <p style="padding-left: 40px;"><b>16.35-16.50 Peroral treatment or stop treatment?</b> <i>Henning Bundgaard, Copenhagen, Denmark</i></p> <p style="padding-left: 40px;"><b>16.50-17.10 OPAT, dalbavancin or chronic suppression?</b> <i>José Miro, Barcelona, Spain</i></p>
18.30	<p><b>Welcome Reception in the City Hall</b> located at the Main Square (Stortorget) in the city center Take the train from Station Triangeln 1 stop to Malmö C, or take a 25 minutes walk</p>

# ISCVID 16-18 June 2024

## PROGRAM Monday 17 June

08.30-10.00	<p><b>Session 3: <i>Staphylococcus aureus</i></b> <i>Moderators: Andreas Berge, Stockholm, Sweden, Francois Vandenesch, Lyon, France</i></p> <p>08.30-09.00 Keynote 3 Treatment of <i>S. aureus</i> bacteremia- New treatment options and outcome measures <i>Vance Fowler, Duke, USA</i></p> <p>09.00-09.20 Clinical trials in treatment of SAB- recent past and present. Towards adaptive trial designs. <i>Steven Tong Melbourne, Australia</i></p> <p>09.20-09.40 <i>S. aureus</i> prosthesis valve IE- do we always need surgery? <i>J.T.M. van der Meer, Amsterdam, the Netherlands</i></p> <p>09.40-10.00 Oral abstract presentation <i>Staphylococcus lugdunensis</i>, a high-risk pathogen in infective endocarditis - <i>Cristiane Lamas, Rio De Janeiro, Brazil</i></p> <p>Temporal changes in length of hospital stay for infective endocarditis – data from before and after the Partial Oral Treatment of Endocarditis Trial (POET): A nationwide cohort study - <i>Lauge Klement Moltke Østergaard, Virum, Denmark</i></p> <p>In vitro study on the efficacy of oral combinations for the outpatient treatment of methicillin-susceptible <i>Staphylococcus aureus</i> (MSSA) and <i>Enterococcus faecalis</i> (EFAE) infective endocarditis (IE) - <i>Cristina Garcia De La Mària, Barcelona, Spain</i></p>
10.00-10.30	<b>COFFEE in the exhibition and poster area</b>
10.30-11.40	<p><b>Session 4: Implanted devices</b> <i>Moderators: David Mörtzell Lund, Sweden, Barbara Hasse, Zurich, Switzerland</i></p> <p>10.30-10.50 How to extract and reimplant a CIED <i>Alexander Breitenstein Zurich, Switzerland</i></p> <p>10.50-11.05 Always extract the CIED in <i>S. aureus</i> bacteremia! <i>Eugene Athan Deakin, Australia</i></p> <p>11.05-11.20 The CIED does not always need to be extracted in <i>S. aureus</i> bacteremia! <i>Andreas Berge Stockholm, Sweden</i></p> <p>11.20-11.40 Interactive case discussion-CIED extraction</p>
11.40-12.20	<b>General ISCVID assembly</b> <b>TRIBUTE TO DR. ARNIE BAYER.</b> <i>Prof. David Durack, Duke, USA</i>
12.20-13.20	<b>LUNCH in the exhibition and poster area</b>
13.20-15.00	<p><b>Session 5: Imaging in infective endocarditis</b> <i>Moderators: Per Åkesson, Lund, Sweden, Christine Selton-Suty, Nancy, France</i></p> <p>13.20-13.50 Keynote 4 Echocardiography- TTE, TEE, 3d or ICE? <i>Simon Woldman, London, UK</i></p> <p>13.50-14.10 PET-CT- cardiac and extra-cardiac use, are there new tracers coming? <i>Maria Nazarena Pizzi, Barcelona, Spain</i></p> <p>14.10-14.30 ECG-gated CTA- when does it add to the investigation? <i>Albert Roque, Barcelona, Spain</i></p> <p>14.30-15.00 Oral abstract presentation Increased risk of infective endocarditis following transurethral resection of the prostate (TUR-P) - <i>Anna Stahl, Copenhagen, Denmark</i></p> <p>Clinical features of infective endocarditis caused by <i>Abiotrophia</i> and <i>Granilucutella</i>- a nation-wide registry study - <i>Magnus Rasmussen, Lund, Sweden</i></p> <p>Infection or inflammation – what is the primary driver for PET/MRI positive FDG uptake in a <i>Staphylococcus aureus</i> vascular graft infection rat model? - <i>Emma Faddy, Aarhus C, Denmark</i></p> <p>Should a cardiac implantable electronic device be extracted in all cases of <i>Staphylococcus aureus</i> bacteremia? - <i>Matthaios Papadimitriou-Olivgeris, Lausanne, Switzerland</i></p>
15.00-15.30	<b>COFFEE in the exhibition and poster area</b>

# ISCVID 16-18 June 2024

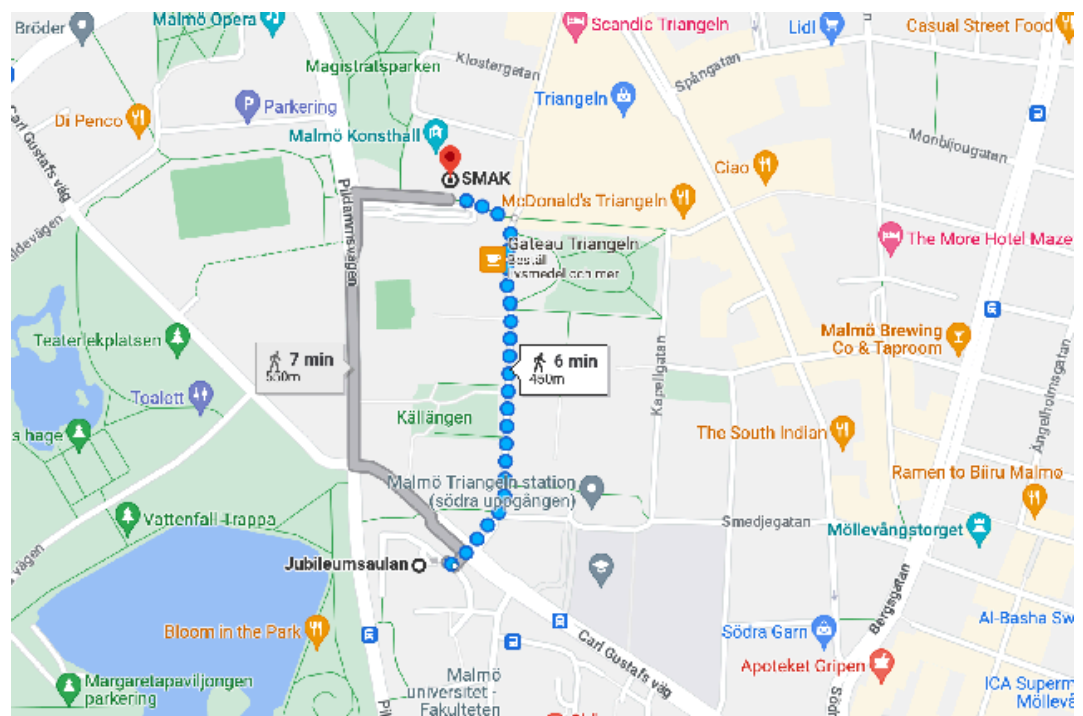

Continued from previous page, Monday 17 June

15.30-17.10	<p><b>Session 6: Special populations and other intravascular infections</b> <i>Moderators: Oonagh Shannon, Malmö, Sweden, Bruno Hoen, Paris, France</i></p> <p>15.30-15.50 Infective native aortic aneurysm, aortic vascular graft infections and aortic enteric fistulae- diagnosis, prognosis and treatment <i>Karl Söreljus Copenhagen, Denmark</i></p> <p>15.50-16.10 Drive-line infections <i>Zerelda Esquer Garrigos, Mississippi, USA</i></p> <p>16.10-16.30 Special features of endocarditis in children and GUCH-patients <i>Margarita Brida, Rijeka, Croatia</i></p> <p>16.30-16.50 Endocarditis in the older patients- what is known and what is there to learn <i>Sigurdur Ragnarsson, Lund, Sweden</i></p> <p>16.50-17.10 Endocarditis in persons who inject drugs <i>Laura Marks, St Louis, USA</i></p>
17.20-18.30	Poster walk with three minute talks
19.30-24.00	<b>Conference dinner at SMAK restaurant</b>

The conference dinner will be held at SMAK restuarant

**Address:**

S:t Johannesgatan 7  
211 46 Malmö

# ISCVID 16-18 June 2024

## PROGRAM Tuesday 18 June

09.00-10.40	<p><b>Session 7 Diagnostic criteria and microbiology</b> <i>Moderators: Magnus Rasmussen, Lund, Sweden and Vance Fowler, Durham, USA</i></p> <p>09.00-09.40 Duke-ISCVID criteria- what was new, what has been validated, what is left to do and how to develop the criteria. Interactive seminar. <i>Anders Dahl, Copenhagen, Denmark &amp; Thomas van der Vaart, Amsterdam, the Netherlands</i></p> <p>09.40-10.00 Blood cultures- new perspectives on the old method <i>Brigitte Lamy, Nice, France</i></p> <p>10.00-10.20 New methods for the microbiological diagnosis of infective endocarditis <i>Pierre-Edouard Fournier Marseille, France</i></p> <p>10.20-10.40 Oral abstract presentation Single-sampling strategy for blood cultures in the diagnosis of infective endocarditis: the prospective multicenter UniEndo study - <i>Francois Goehring, Vandoeuvre Les Nancy, France</i> <i>Mycobacterium chelonae</i> associated with cardiovascular bioprostheses: evidence of clinical relevance - <i>Annette Moter, Berlin, Germany</i> <i>Candida</i> endocarditis: Analysis of a national cohort with special reference to <i>Candida parapsilosis</i> and its propensity to cause endocarditis - <i>Siri Kurland, Uppsala Sweden</i></p>
10.40-11.10	<b>COFFEE in the exhibition and poster area</b>
11.10-12.30	<p><b>Session 8: Pathogenesis and prevention</b> <i>Moderators: Emil Fosbøl, Copenhagen, Denmark and Philippe Moreillon, Lausanne, Switzerland</i></p> <p>11.10-11.30 Antibiotic prophylaxis in infective endocarditis- Scale up or down? <i>Bruno Hoen, Paris, France</i></p> <p>11.30-11.50 The role of platelet and platelet bacteria interactions in IE <i>Oonagh Shannon, Malmö, Sweden</i></p> <p>11.50-12.10 Emerging, uncommon pathogens in IE <i>Pierre Tattevin, Rennes France</i></p> <p>12.10-12.30 Non-infectious differential diagnosis to IE</p>
12.30-13.00	Closing remarks, awards and next meeting

**Thank you to our sponsors and exhibitors!**
