

**PRELIMINARY PROGRAM**  
**12th Nordic Invasive Cardiology Conference 2026**  
**Trondheim, Norway**

Sunday January 25th		
15.00-	Registration will open for all delegates	
18.00-20.00	Welcome Reception <i>*Not included in the conference fee. Open to all delegates, but pre-registration is required.</i>	
Monday January 26th		
08.30-09.00	Registration	
	Lecture room:	
09.00-09.10	Opening and welcome	
09.10-10.20	Live coronary case from Haukeland university hospital, Bergen  Talk related to live case	
10.20-11.00	COFFEE / EXHIBITION	
	Plenary Session Transcatheter Aortic Valve Implantation / Aortic stenosis <i>Moderators: TBA</i>	
11.00-11.30	Live-in-a-box – TAVI-case from Oslo university hospital Rikshospitalet	
11.30-11.50	New ESC guidelines for valve interventions 2025	
11.50-12.10	Low-flow low-grade aortic stenosis	
12.10-12.30	Disconcordant gradients following TAVI – do we trust the catheter or the probe?	
12.30-13.20	LUNCH / EXHIBITION	
	Plenary Session Coronary Artery Disease <i>Moderators: TBA</i>	
13.20-13.40	Reducer device for refractory angina	
13.40-14.00	SCAD, the coronary orphan - do we treat these patients differently across the Nordics?	
14.00-14.20	Myocardial bridging – always hands off??	
14.20-14.40	COFFEE / EXHIBITION	
Parallel sessions		
	Lecture room:	Lecture room:
14.40-15.40	Latest nordic clinical trials in invasive cardiology <i>Moderators: TBA</i>  • The BALI trial  • Subgroup data from NOTION 3  • DANAMI-3 – 10 year data	Nurse Session <i>Moderators: TBA</i>  Welcome  Nurse-led sedation in TAVI  Health literacy and quality of life in TAVI-patients

	<ul style="list-style-type: none"><li>• NOBLE – 10 year data</li><li>• OCTAVE</li><li>• TACSI trial</li><li>• <i>Title TBA</i> – Norwegian register study regarding MACCE in 7500 TAVI-patients</li></ul>	From wires to Care – nursing perspective on CHIP  <i>TBA</i>	
15.40-16.00	COFFEE / EXHIBITION		
16.00-17.30	<b>Plenary Session</b> <b>Abstract or case presentation</b> <b>(Young interventionalist)</b> <i>Moderators: TBA</i>	16.00-17.15	<b>Nurse Session</b> <i>Moderators: TBA</i>  <b>Patient case</b>  <b>From classroom to Cath.lab:</b> <b>Resuscitation Where it Matters</b> <i>Hands-on, in-situ training for multidisciplinary cardiac teams</i>  <b>Clear talk in crisis:</b> <b>Communication during cardiac intervention</b>  <b>Safety first</b>
Abstracts	<i>TBA</i>  <i>TBA</i>  <i>TBA</i>		
Cases	<i>TBA</i>  <i>TBA</i>  <i>TBA</i>		
19.00-	<b>Dinner</b> <i>*Not included in the conference fee, pre-registration is required</i>		
<b>Tuesday January 27th</b>			
08.00-08.45	NICC Board meeting		
09.00-10.30	<b>Plenary Session</b> <b>Controversies in invasive cardiology</b> <i>Moderators: TBA</i> <b>Lecture room:</b>		
	<b>Should we perform TAVI in asymptomatic patients with severe aortic stenosis?</b> <i>Pro: Con:</i>		
	<b>Non-culprit lesions in STEMI – eyeballing or physiological evaluation?</b> <i>Eyeballing: Physiology:</i>		
	<b>More patients should be treated with thrombolysis in STEMI</b> <i>Pro: Con:</i>		
	<b>PCI or CABG for left main disease – a cardiologist’s view and a surgeon’s view</b> <i>PCI: CABG:</i>		
10.30-11.00	COFFEE / EXHIBITION		
	<b>Plenary Session</b> <b>Structural Interventions</b> <i>Moderators: TBA</i> <b>Lecture room:</b>		
11.00-12.30	<b>Percutaneous treatment of paravalvular leakage after TAVI/SAVR</b>  <b>Transcatheter tricuspid valve replacement with EVOQUE valve</b>  <b>Percutaneous transcatheter mitral valve replacement – status per 2026</b>  <b>SESAME or alcohol for septal reduction?</b>		
12.30-13.30	LUNCH / EXHIBITION		

13.30-14.45	<b>Plenary Session</b> <b>Nightmare cases (Structural and PCI)</b> <i>Moderators: TBA</i>
13.30-14.45	<b>TBA</b>  <b>TBA</b>  <b>TBA</b>  <b>TBA</b>  <b>TBA</b>  <b>TBA</b>
14.45-15.00	<b>Closing remarks and NICC 2027 – See you next year!</b>
