

Welcome to the 4th European Paediatric Physiotherapy Congress (EUPPT) 1-3 October 2026 at Münchenbryggeriet in Stockholm, Sweden

Dear industry collaborators,

We hereby would like to invite you to join us as a sponsor or exhibitor at the 4th EUPPT congress in 2026!

The EUPPT Congress, founded in 2019 to create a shared space for paediatric physiotherapists across Europe, has grown through its editions in Utrecht (2019), Florence (2022), and Zurich (2024), demonstrating a strong commitment to collaboration, learning, and professional exchange. Its community fosters the sharing of clinical practice, research, and specialized education to advance paediatric physiotherapy standards across Europe.

In 2024, the European Paediatric Physiotherapy Network was established to enhance cross-country collaboration, along with a Board representing various nations to guide future development and congress planning. Held biennially, the EUPPT Congress rotates across European locations to broaden participation and support regional progress in research, education, and clinical care. We are aiming for 400 participants at the 2026 congress in Stockholm.

The theme for EUPPT 2026 is: Shaping the Future: Play, Plasticity and the Power of Movement in Paediatric Physiotherapy.

Hope to see you in Stockholm,
Organizing committee

Please see your sponsor opportunities on the next page
