

Sudden Cardiac Death - 20 years of Cardiogenetics

Program
Skånes Universitetssjukhus Lund
27 november 2025

09.30-10.00	Registration & Coffee outside Aulan F2
10.00-10.20	Introduction: 20 years of cardiogenetics in Lund <i>Pyotr Platonov & Hans Ehrencrona (Lund)</i>
Session 1	<i>Chairs: Pyotr Platonov (Cardiologist, Lund) & Hans Ehrencrona (Clinical Geneticist, Lund)</i>
10.20-11.00	Molecular autopsy - when to do and not to do <i>Peter van Tintelen (Utrecht)</i>
11.00-11.30	<i>Coffee</i>
Session 2	<i>Chairs: Maria Hellberg (Clinical Geneticist, Lund) & Oscar Braun (Cardiologist, Lund)</i>
11.30-12.00	Familia ST-depression syndrome: It is not about ischemia! <i>Alex Christensen (Copenhagen)</i>
12.00-12.30	ICD use in patients with inherited cardiac disorders - does plasma potassium levels has a role? Data from POTCAST trial. <i>Henning Bundgaard (Copenhagen)</i>
12.30-13.30	<i>Lunch</i>
Session 3	<i>Chairs: Erik Ljungström (Cardiologist, Lund) & Nina Larsson (Clinical Geneticist, Lund)</i>
13.30-14.00	Non-dilated left Ventricular Cardiomyopathy - what is it? <i>Elena Arbelo (Barcelona)</i>
14.00-14.30	Arrhythmogenic cardiomyopathy: Gene-specific risk stratification <i>Anneline te Riele (Utrecht)</i>
14.30-14.50	<i>Coffee</i>
Session 4	<i>Chairs: Catarina Lundin (Clinical Geneticist, Lund) & Uzma Chaudhry (Cardiologist, Lund)</i>
14.50-15.20	SCN5A syndroms: Brugada syndrome and more <i>Georgia Sarquella-Brugada (Barcelona)</i>
15.20-15.50	What does it mean to be a carrier of pathogenic variant? Patient perspective <i>Lisa Kirsebom (Lund)</i>
15.50-16.20	From monogenic diseases to polygenic risk scores in precision prevention of cardiovascular disease <i>Olle Melander (Malmö)</i>
16.20-16.30	Closing remarks <i>Pyotr Platonov & Hans Ehrencrona (Lund)</i>
